

B&B Master Grid Frame & Basket Conversion.

B&B being a leader in drop packaging is pleased to now offer this advantage to others equipment.

If you heard of our targeting from friends in the industry and felt a jealous twinge, relax. We offer a master frame that will fit your machine and give you the B&B ADVANTAGE.

Standard Knapp Master Grid Frame Conversion.

This frame takes full advantage of B&B Quick Change Riding Strip Assy., B&B Quick Change Basket Assy., and B&B's Mechanical Stop/Grid Full Detector System.

Note: No guides are required as SK guides go through the whole grid area.

Hamrick Mfg.. Master Grid Frame Conversion.

We took all the best of B&B's Master Grid Frame and put it into a compact frame able to fit a old Meyer's or new Hamrick packer. No longer will you have to swap out the whole head. This frame utilizes all of B&B's Quick Change features. Note: Shown with optional SS guides. Teflon coated standard.

Douglas Machine Master Grid Frame Conversion.

Most Lowering Head Packers can also take advantage of B&B's targeting system and Quick Change basket features. Note: Dual basket configuration

See Video section to watch above frame in use.

These are but a few of the more popular Master Frame conversions.
Call and ask if we offer a conversion for your drop packer.
If we don't, we will after your conversion.

B&B Basket Conversion.

Standard Knapp Basket Conversion.
Dual, Back to Back configuration. New ribs, side frames, holders, and fingers.

Note: Back to Back Tab Lock Configuration uses Two Center Holders. See Below.

Hartness International Basket Conversion.

Single Configuration, All Modular Design, (NO Welds)

We also do conversions for:

Meyers, Hamrick, ESP, Krones, Combi, Etc., There Are Just too Many to Name Them ALL.

If You Have a Finger System or a Stainless Steel System We Have The Solution You are Looking For.

Most Companies Report a 20-30% productivity Increase After Converting to B&B's Finger & Holder and This does NOT Include The Maintenance Time Savings You Get when a Finger needs Changing.

If You Have Not Looked at B&B's Finger and Holder System and Seen ALL the ADVANTAGES. Look Under the Solutions Tab and Click on Your Future.
